PROFESSIONAL SUMMARY

Enthusiastic BCA student with a strong foundation in HTML, CSS, JavaScript, and Core Java. Recognized as a Top Performer in the CodeX Coding Competition at SRMU. Passionate about developing scalable, responsive, and user-friendly web applications with a focus on performance and usability. Proven ability to learn new technologies rapidly, with strong problem-solving, logical reasoning, and communication skills.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design

Programming: Java (Basic), Data Structures & Algorithms (DSA)

Tools & Technologies: Git, GitHub, VS Code

Core Competencies: Problem Solving, Logical Reasoning, Communication, Time Management

Languages: English (Upper Intermediate – B2), Hindi (Native – C2)

PROJECTS

AI-Powered Resume Builder with ATS Score Optimization

2025

Personal Project

- Developed a dynamic web-based resume builder featuring real-time preview and live editing functionality.
- Implemented an ATS-based scoring system using keyword matching and optimization algorithms to improve resume ranking.
- Designed a fully responsive UI with HTML, CSS, and JavaScript, focusing on performance and usability.
- Improved resume keyword matching efficiency, resulting in measurably better ATS compatibility scores.

EDUCATION

Bachelor of Computer Applications (BCA)

Shri Ramswaroop Memorial University

Expected June 2026

Lucknow, UP

Intermediate (12th)

A H Inter College

2023

Amethi, UP

High School (10th)

Brightway Public School

2021

Sultanpur, UP

ACCOMPLISHMENTS

- Top Performer – CodeX Coding Competition, SRMU: Ranked among top participants, demonstrating strong problem-solving, logical reasoning, and coding efficiency under time constraints.

CERTIFICATIONS

- Cybersecurity Workshop – "Hack with Smile" | SRMU VIVEKA Techfest 2k26 | February 2026

Gained hands-on experience in system security, vulnerability analysis, and risk mitigation.
